THE GENERAL'S CLUB

The Forty and Eight General's Club was organized in 1973 with a primary purpose of dignifying the profession of law enforcement. Funds generated by annual dues in this elite club underwrite the expenses for transportation and housing for the individual selected as Law Officer of the Year to be our guest at Promenade Nationale.

Since its inception, the transportation and housing cost for the Americanism Award winner have also been placed under the auspices of the General's Club.

While every Voyageur Militaire whose membership is in good standing is eligible to join the General's Club, total membership is limited to just one percent of the total Forty and Eight membership. From time to time, membership has fallen well below the one percent limitation so that new members are welcome to join. In addition to Voyageurs, their wives and La Femmes can also join the club upon recommendation of a current member in good standing.

There are other benefits' of membership in this fine organization that supports such worth causes. Members who attend Promenaded Nationale are eligible to attend the annual General's Brunch and receive a membership card and membership pin.

Each year, every effort is made to attain the one percent membership quota to insure the continued success of both our Law Enforcement and Americanism awards programs.

Fees for joining this elite organization are minimal; $15.00 per year.

Support of this essential program of La Sociéte is completely dependent on your generous support. You can join today by sending your name and full address to Voiture Nationale, along with your check for $15.00.

Law Enforcement is an integral part of this organization's heritage. Join the General's Club and be part of that heritage.

Fill in this application and send it in today. Support this great program and enjoy its benefits. Ed.
